

IN STOCK & READY TO SHIP PUMPS

Spring planting season is upon us—and Cornell Pump has your pumps and parts in stock and ready to ship. We are up, running, and able to ship out many pumps the same day with our QuickShip program and with stocking warehouses across the country. Call or email—we probably have your pump ready to deliver **RIGHT NOW** to you.

Includes irrigation pumps in close-coupled electric, SAE engine mounted, and frame mount configurations.

These pumps ship quickly! And we have many parts available on the shelf – contact us to place your order!

Plus, we can custom-design and build any one of more than 200 models with discharges from 1.25 to 30 inch—flows up to 38,000 GPM and heads up to 800'. Contact us for your centrifugal pump needs!

Manure/Solids handling pumps in engine and frame mount are also available from stock.
